

# QUALITY POLICY

Our commitment at iCRco is to develop and produce the highest image quality equipment and provide affordable solutions to digital imaging professionals.

To achieve and maintain the effectiveness of the Quality Management System, the iCRco team will follow and adhere to the intent of our company and quality policies.

## MISSION STATEMENT

1. Continually satisfying market requirements and the expectations of customers.
2. Determining and implementing corrective and preventive actions in order to improve quality.
3. To increase personnel standards and motivation by training and education.
4. Monitor delivery times to improve customer satisfaction.
5. Manufacture Environmentally Conscious Equipment and Products.
